Curriculum Vitae (Last updated: 2025.06.01)

Yoon-Bae Jun

Email: yoonbaej@unr.edu
Website: https://junpeea.github.io/

118 Savitt Medical Science, University of Nevada, Reno,
RENO, NV 89557

PROFESSIONAL EXPERIENCE

Assistant Professor	2023-present, Department of Epidemiology, Biostatistics, and Environment Health, School of Public Health, University of Nevada Reno
Postdoc Research Fellow	2021b-2023, Department of Statistics, Iowa State University 2021a, Department of Statistics, Seoul National University

EDUCATION

Ph.D.	Statistics (2021)	Seoul National University, South Korea
B.S.	Mathematics (2014) Economics (2014) (Double Major)	Yonsei University, South Korea

RESEARCH INTERESTS

Spatial Statistics, Spatial Epidemiology, Statistical Learning for Spatial data

PUBLICATION

SOFTWARE/ WEB APPLICATION

(https://github.com/junpeea)

Name	Description	Reference

spRFPI	Random Forest Prediction Interval for Spatially dependent data	https://github.com/junpeea/spRFPI
NSBSR	Bayesian Spatial Regression using Fourier-spectral approaches	https://github.com/junpeea/NSBSR https://doi.org/10.1007/s42952-021-00156-y
BSTZINB	We are developing R-package for the unified Bayesian Disease Mapping Software for Spatial Epidemiology. We would like to provide a simple, unified, and publicly available software that can be implemented to various fields of Disease Mapping studies under contemporary Bayesian framework. (Under development)	https://github.com/junpeea/COVID-PM-STZINB https://doi.org/10.1007/s13253-022-00487-1 .
COVID-PM-SHINY	R-Shiny Website based on the work: A spatio-termporal Analytical Outlook of the Expoaure to Air pollution and COVID-19 Mortality in the USA	https://sounakchakraborty.shinyapps.io/covid_final_interface_software_101026

SELECTED FELLOWSHIPS/ AWARDS

Grant / Fellowships

- Co - Principal Investigator, SPH-UNR and SPH-UNLV Collaborating Projects, supported by School of Public Health, University of Nevada Reno (Principal Investigators: Drs. Yoonbae Jun & Lun-Wen Antony Chen) — 10/01/2024-CURRENT

- Collaborator, "Natural" and "organic" cigarette descriptors: association with expectancies, subjective effects, topography, and biomarkers of exposure among daily smokers, supported by National Institute on Drug Abuse/Food and Drug Administration, (Principal Investigator: Jennifer Pearson, Ph.D., M/PH.) — 07/01/2024-CURRENT

- University of Nevada Reno, School of Public Health Startup (PG22055) — 07/01/2023-CURRENT

- University of Nevada Reno, VP Research Startup (PG22264) — 07/01/2023-CURRENT

- Postdoc research associate, Iowa State University of science and technology, supported by AWD-021392-00001: HDR TRIPODS: D4 (Dependable Data-Driven Discovery) 10/01/2019 (version 5) — 2021-2023

Awards

- Korean Statistical Society, SG Graduate Student Presentation Award, with Honors (The grand prize among graduate student presentations) — 2019, 2017

PRESENTATION/ POSTER

Paper presentation

- Invited Paper presentation (2025), An Efficient Active Learning Design through Random Forest under Covariate Shift, 2025 *KSS Spring Meeting*
- Invited Paper presentation (2025), Random Forest Prediction Intervals for Spatially dependent data, Sungshin Women's University
- Contributed Paper presentation (2025), BSTZINB: A Bayesian Framework for Negative-Binomial Modeling of Spatio-Temporal Zero-Inflated Count Data in Epidemiology, *ENAR 2025 Spring Meeting*
- Contributed Paper presentation (2024), Random Forest Prediction Intervals for Spatially dependent data, *2024 Joint Statistical Meetings*
- Invited Paper presentation (2023), A Spatiotemporal Analytical Outlook of the Exposure to Air Pollution and COVID-19 Mortality in the USA, *November IBS Journal Club.*
- Invited Paper presentation (2023), A Spatiotemporal Analytical Outlook of the Exposure to Air Pollution and COVID-19 Mortality in the USA, *Webinar in University of Michigan, Medicine*
- Contributed Paper presentation (2023), A Spatiotemporal Analytical Outlook of the Exposure to Air Pollution and COVID-19 Mortality in the USA, *Spatial Statistics: Climate and the Environment 2023 Conference, Spatial Statistics, Elsevier*
- Contributed Paper presentation (2019), Detecting the effect of spatio-temporally correlated covariates under Bayesian spatially clustered Survival modelling, *Fall conference, The Korean Statistical Society*
- Contributed Paper presentation (2019), Bayesian Spatial Prediction with Nonparametric Modelling of a Spectral Density, *Spatial Statistics: Towards Spatial*

Science 2019 Conference, Spatial Statistics, Elsevier

- Contributed Paper presentation (2018), Bayesian Spatial Regression with Nonparametric Modelling of Spectral Densities, *The 5th Institute of Mathematical Statistics Asia Pacific Rim Meeting (IMS-APRM 2018)*

- Contributed Paper presentation (2017), Bayesian Spatial Regression with Nonparametric Modelling of Spectral Densities, *Fall conference, The Korean Statistical Society*

Poster

- Poster session (2022), Random Forest Prediction Intervals for Spatially dependent data, *Department of Statistics 75th Anniversary Celebration, Iowa State University*

- Poster session (2022), Nonparametric estimation of the autocovariance of a Gaussian Process model in time series, *Expressing and Exploiting Structure in Modeling, Theory, and Computation with Gaussian Processes, The Institute for Mathematical and Statistical Innovation (IMSI) workshop*

- Poster session (2018), Prediction approaches of particulate matter and other air pollutants in a cohort study of degenerative diseases, *The Korean society of Atmospheric Environment*

- Poster session (2018), Bayesian Spatial Regression with Nonparametric Modelling of Spectral Densities, *The 3rd Eastern Asia Meeting on International Society for Bayesian Statistics (EAC-ISBA 2018)*

- Poster session (2018), The Impact of using Incomplete Address data on estimating the Health effect of PM_{10} on Low Birth Weight in Seoul Korea: A simulation study, *The Korean society of Environmental Health and Toxicology*

- Poster session (2017), Prediction of PM_{10} and Health Effects on Low Birth Weight in Seoul, Korea, *The Korean society of Environmental Health and Toxicology*

TEACHING/STUDENT ADVISING

University of Nevada, Reno
Instructor for undergraduates: PBH281, Introduction to Biostatistics in Public Health (Spring, 2025)

- Responsibilities: Instruction and Evaluation
- Mode: In-person
- Overall Ranking: NA

Instructor for graduates: CHS717, Applied Bayesian Statistics (Spring, 2024)
- Responsibilities: Instruction and Evaluation
- Mode: In-person
- Overall Ranking: 2.5/4.0 (Spring, 2024)

Instructor for graduates: CHS765, Survival Analysis for Public Health (Fall, 2023)
- Responsibilities: Instruction and Evaluation
- Mode: In-person
- Overall Ranking: 3.0/4.0 (Fall, 2023)

Iowa State University
Instructor for undergraduates: STAT330, Probability and Statistics for Computer Science (Summer, 2022)
- Topics: Basic probability; Random variables and their distributions; Stochastic processes including Markov chains; Basic statistical inference; Introduction to regression.
- Responsibilities: Instruction and Evaluation (Lecture videos were provided from the former instructor)
- Mode: Online
- Overall Ranking: 4.0/5.0 (Summer, 2022)

Seoul National University
Statistical Research Institute, Instructor - SAS tutorial (Summer, 2016)
Statistical Research Institute, Statistician - Statistical Consulting
Teaching Assistant for graduates: Seminar in Recent Development of Applied Statistics (Spring, 2019; Fall, 2015)
Teaching Assistant for undergraduates: Statistics (Fall, 2016; Fall, 2014; Spring, 2014)

Student Advising
Emmanuel Annan (MS student; Research Assistant; 2024-ongoing)
Hannah Harris (MS student; 2024-ongoing)
Conner Keighran (MS student; 2024-ongoing)

PROFESSIONAL SERVICES

Departmental admission committee (UNR; 2024-Current): Review and Evaluate Biostatistics Master's degree program candidates

International Conference Session Chair (Korean Statistical Society; 2025)

Manuscript Reviews: Review Peer-review articles submitted to SCI journals (e.g. BMC Public Health)

LANGUAGE/TECNICAL SKILLS

Language | Korean (native); English (fluent)

Technical Expertise |
Computing: SAS, R
Composing: R-Markdown, LaTeX, Overleaf
Visualization: R-Shiny
Cloud: Amazon Web Service
